

# *What Colors Lakeway Has*

If Lakeway had school colors they ought to be green and blue . . .

Green for the new golf course and blue for the waters of the Queen of the Highland Lakes, lovely Travis.

A view of the links' and lake—or the green and blue—is now available in newly opened residential Section 4.

This is where homesites can be found looking over the golf course and the lake.

Power and telephone lines spoiling the view? Never! They're all underground.

Moreover, substantial savings await buyers of the first 25 lots by the links.

Although street paving is not yet complete, construction is already underway on the first homes in scenic Section 4.
